Annually, the West Covina Rose Float Foundation holds a gala event for guests at our new home at Heritage Park.

At this event, the Foundation unveils the design selection for the current year West Covina Rose Float, conceived by the award-winning Raul Rodriguez, built by Charisma Floats and decorated by Foundation volunteers during the annual post-Christmas holiday festivities. Each year the design is based on the Tournament of Roses Parade Theme, and is selected from a number of entries presented to the Foundation early in the spring.

As we extend beyond our signature Rose Parade Float project, we are very active in establishing educational classes and a youth scholarship program to enhance student opportunities in Arts and Sciences. Through the fundamentals of collaboration, contribution and community service, we continue to grow and blossom. Your support helps us to achieve this vision.
